

## MASTER Colour CDM-T 250W

Better lighting for less  
Greater design freedom  
New application areas possible

**PHILIPS**

MASTER Colour CDM-T 250W enhances natural, sparkling colors in showrooms, industry, shops and outdoor applications.

# MASTER Colour CDM-T 250W

## Applications - suitable for indoor and outdoor

- Retail
- Outdoor and public spaces
- High bay industry
- Anywhere where MASTER Colour quality is desired

## Better lighting performance for less

MASTER Colour CDM-T 250W is a natural range extension to compliment the MASTER Colour family. The new compact, MASTER Colour CDM-T 250W creates natural, sparkling colors and a lively atmosphere opening up new opportunities across a range of applications where white light is required. Compared to quartz metal halide this compact medium wattage lamp offers lower running costs and cheaper installation.

## Greater design freedom

The compactness of the lamps brings more design freedom and reduced clutter as less luminaires are required. MASTER Colour CDM-T 250W can operate on electromagnetic and electronic gear.\* MASTER Colour technology offers high quality white light with proven reliability through ten years experience in CDM technology.

MASTER Colour CDM-T 250W
